*Beautiful Lawns and Fruitful Gardens
Make Happy Homes*

INTRODUCTION

Dear Friends:

It is indeed a pleasure to present to you this new Catalog on our tenth anniversary. I am very grateful to the many old friends as well as new customers who have patronized us in the past and I sincerely trust that the various items listed herein will warrant your continued patronage.

Our Nursery, consisting of more than twelve acres, is inspected annually by the Penna. Dept. of Agriculture, and it is our desire to always give you the best your money can buy.

Please note our liberal guarantee, which is something new in the history of this Nursery, and will remove another "if" from your planting problems. We invite you to visit our Nurseries at any time, especially during the summer months, when trees and plants are at their best. If not acquainted with our location, please refer to map inside rear cover.

Respectfully yours,

R. J. S. HIVELY,

Owner and Manager.

TERMS AND CONDITIONS OF SALE

PRICES: Include free delivery within a reasonable distance from our Nursery, but are subject to change without notice.

TERMS: All orders of \$5.00 or less, are CASH upon delivery. 2% discount will be allowed on all accounts paid within 10 days. 30 days net to those entitled to credit. **LABOR CHARGES** always NET.

GUARANTEES: All stock is guaranteed to be true to name and to reach you in good condition if delivered by us. All Freight, Express or Parcel Post shipments travel at cost and risk of purchaser. (Strawberry Plants only, delivered Free).

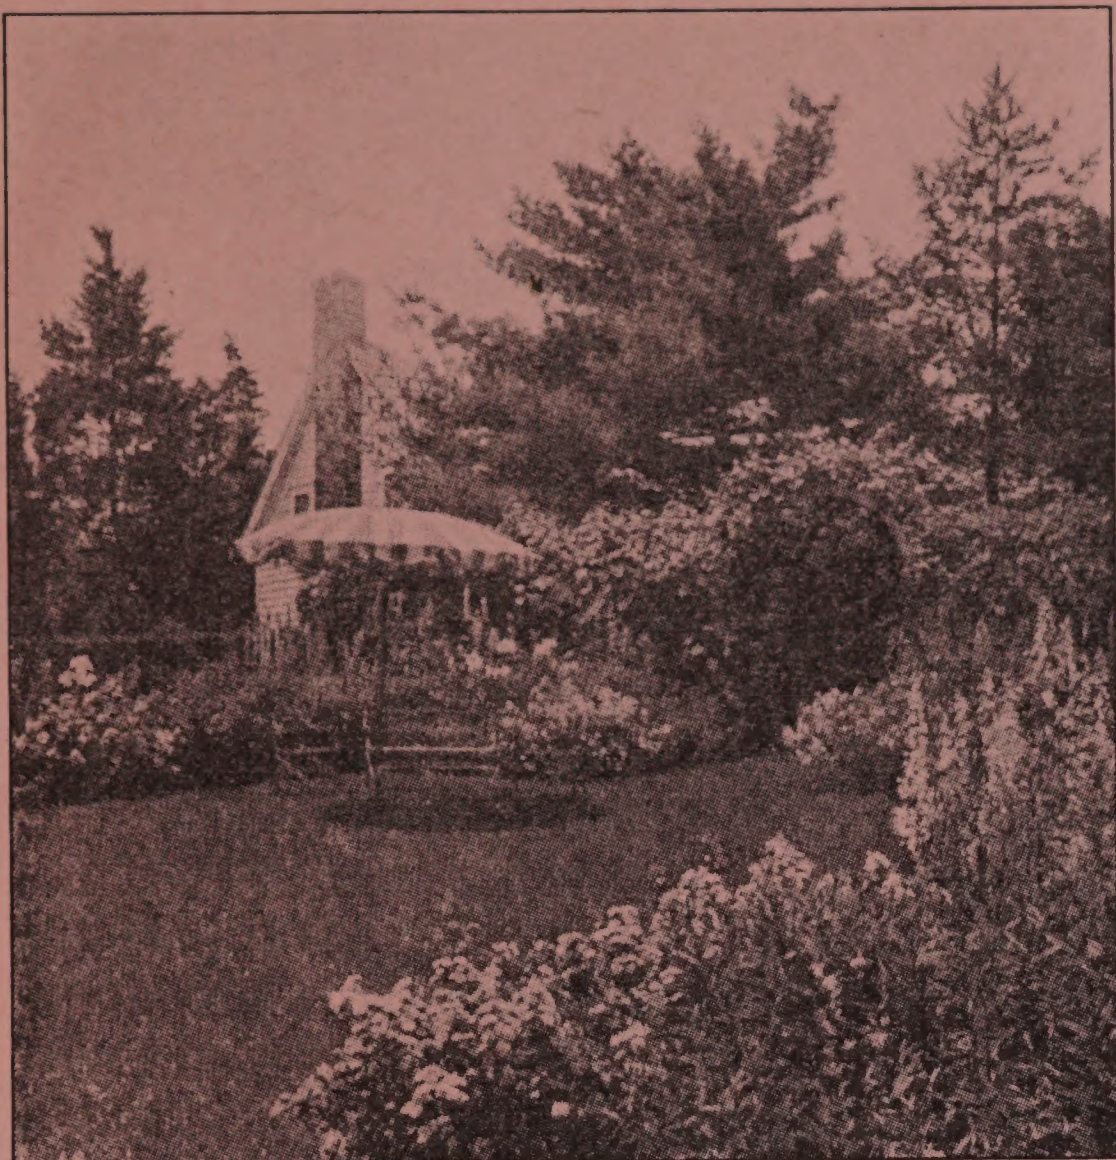

FREE REPLACEMENT GUARANTEE

Any nursery stock sold or planted by us that fails to grow and is so reported to us within 6 months from date of purchase, will be replaced FREE, providing the order is PAID IN FULL UPON DELIVERY OR WITHIN 30 DAYS.

PLANTING: Will be charged extra, either on a contract or hourly basis, according to the wishes of the customer.

RATES: 5 Plants or more sold at the 10 rate; 30 or more at the 100 rate. For prices on larger quantities or any sizes not listed, ask for special quotations.

LOCATION: Our Nursery is located about 2½ miles northwest of York, in the village of Shiloh. For details, see map inside rear cover. Telephone listing, under York exchange.

An Outdoor Living Room.

SHILOH LANDSCAPE SERVICE

THE VOGUE for beauty outside the home, as well as within, is upon us—and this new vogue finds its most charming expression in the modern outdoor living room.

In the average home building lot, there are two sizeable spaces left after the home is erected—the "front yard" and "back yard." The back yard of yesterday was anything but attractive—today it shines in resplendent new dress. The landscape architect has created the plans and the modern nursery can supply the finest and most attractive plants and shrubs which can be arranged in living walls to shut out the discordant world and create the loveliest of home pictures.

Think of what it means for your children to grow up in the environment of beautiful plants and flowers. The outdoor living room provides the ideal background for children's play, which is far better than to have them grow up on the streets.

One of the first essentials is a working plan of your prospective planting. It is not a question of how much to plant as it is, what to plant and where. Our Landscape Department will gladly draw up plans, make planting lists and offer suggestions at no cost to you. Call or write us for a personal interview, as we believe if we can assist you in making your surroundings more beautiful, we have made another friend, and it is only with the support of our friends that we can continue to serve.

I Love a Tree

By Samuel N. Baxter
Arboriculturist—Fairmount Park

When I pass on to my reward,
Whatever that may be,
I'd like my friends to think of me
As one who loved a tree.

I may not have a statesman's poise,
Nor thrill a crowd with speech,
But I can benefit mankind
If I set out a beech.

If I transplant a sapling oak
To rear its mighty head,
'Twill shade and shelter those who come
Long after I am dead.

If in the park I plant an elm,
Where children come to play,
To them 'twill be a childhood shrine
That will not soon decay.

Or if I plant a tree with fruit,
On which the birds may feed,
I've helped to foster feathered friends,
And that's a worthy deed.

For winter, when the days grow short
And spirits may run low,
I'd plant a pine upon the 'scape,
'Twould lend a cheering glow.

I'd like a tree to mark the spot
Where I am laid to rest,
To me 'twould be the epitaph
That I would love the best.

And though not carved upon a stone
For those who come to see,
My friends would know that resting here
Is one who loved a tree.

Part of Our Exhibit at the York Fair—1939.

IN OUR MODERN method of landscaping, the use of Evergreens, both large or small, could hardly be dispensed with. They grow in various colors, sizes and shapes and with a little careful planning before-hand will add year 'round beauty to your home. Varieties marked with a star are especially recommended for shady conditions.

Most evergreens to do well should be trimmed once a year and also sprayed if necessary. If you wish well-shaped, compact trees, do not neglect the trimming. Our rates are very reasonable for this service, if wanted.

ARBORVITAE

	Each
American Arborvitae —broad pyramidal type.	
18-24 in.	\$.85
2-3 ft.	1.35
3-4 ft.	1.85

ENGLISH IVY (Evergreen), from 2½ in. pots 2.00 15.00

Always plant Roses in quantity for best effect.

ROSES

Roses are sometimes called the "Queen of Flowers." Nothing is more beautiful or attractive than a bed of Roses, providing good, thrifty plants are used and the proper attention given them during the blooming season. Dormant roses should be planted not later than April 15th and thoroughly pruned; thereafter potted plants should be planted. We have prepared a special bulletin on "Proper Rose Culture," which will be sent free to anyone on request.

Prices of Dormant and Potted Roses (unless otherwise noted).

OUR ROSES ARE ALL GUARANTEED TO GROW—
YOU TAKE NO CHANCES

2 year No. 1 Dormanteach \$.55; \$6.00 per doz.
2 year No. 1 potted in Cloverset pots ...each .75; 8.00 per doz.

HYBRID TEA OR MONTHLY ROSES (Standard Varieties)

AMI QUINARD—Of blackish-maroon, opening to dark velvet red.

AUTUMN—Perfectly formed buds, open flowers of red, orange, yellow and pink.

6-8 ft.	1.75
8-10 ft.	2.50
Schwedler Maple —purple leaves in the spring.	
6-8 ft.	2.00
8-10 ft.	3.00
Oriental Plane —large leaves, greenish colored bark.	
6-8 ft.	1.35
8-10 ft.	2.00

American Elm—very tall growing and stately.		Each
6-8 ft.		1.00
8-10 ft.		1.75
10-12 ft.		2.50

Chinese Elm. Quickest Growing Tree in the World.

Because of its beauty and extremely rapid growth, Chinese Elm has become a leading shade tree of America. It is planted in every state, and like its native country of Korea, withstands intense cold and extreme heat. It makes excellent shade in five short years, averaging about 5 feet of growth annually. It is by far the fastest growing shade tree. It resembles the American Elm except the leaves are smaller, with the gracefulness of a cut-leaf Birch.

Chinese Elm.		Each
4-5 ft.		1.00
6-8 ft.		1.50
8-10 ft.		2.00

Flowering Trees and Evergreens make ideal gifts for your friends who are moving into a new home.

Ideal Birthday gifts, such as a Flowering Tree, specimen Evergreens, Shrubs or a few Rose bushes will be appreciated by your friends.

Pin Oak.

Pin Oak —becoming very popular; grows anywhere.	Each
